

In the claims:

Please amend the claims as follows:

1-22. (Canceled).

23. (Newly Added) A method for screening individuals for participation in a clinical drug trial, the method comprising:

- (a) collecting a biological sample from an individual;
- (b) isolating DNA from the sample;
- (c) analyzing the DNA to determine whether the individual has the 6/6 genotype, the 6/7 genotype, or the 7/7 genotype at the UDP glucuronosyltransferase subfamily 1 locus; and
- (e) proceeding with the clinical trial based on the knowledge of whether whether the individual has the 6/6 genotype, the 6/7 genotype, or the 7/7 genotype at the UDP glucuronosyltransferase subfamily 1 locus.

24. (Newly Added) The method of claim 23 wherein the biological sample comprises blood.

25. (Newly Added) The method of claim 23 wherein the biological sample comprises a buccal smear.
